

10/100 Mbps USB 2.0 device server

Networks
PRICOM SX-5000U2

Compatible with : MFP/AIO, printer, scanner or storage with a USB interface

Windows	Unix/Linux	Macintosh	10/100Mbps
TCP/IP	NetBEUI/NetBIOS	AppleTalk	

Print, scan, store, networking simplified

The SX-5000U2 is a new concept **USB 2.0 Hi-speed** device server designed to provide easy network accessibility for your USB products.

With the luxury of convenience and freedom, share conventional one-user USB devices with co-workers or family members over your existing network.

Maximize your productivity and your USB device investment at home or at work by sharing their information through intelligent, reliable networking within a workgroup or by share your digital photos in your digital living room.

Print, scan, store - your networking simplified.

Key features:

- ⦿ 4 physical **USB 2.0 Hi-speed** ports - 10/100Mbps device networking
- ⦿ Share up to 9 USB devices on the network using a USB hub
- ⦿ Converts a multifunction printer to a network shared resource
- ⦿ Enhanced security - IP filtering
- ⦿ Easy USB pen drive configuration
- ⦿ IPv6 supported
- ⦿ Automatic e-mail printing
- ⦿ Printer status notification via e-mail
- ⦿ HP support with JetAdmin/ Web JetAdmin

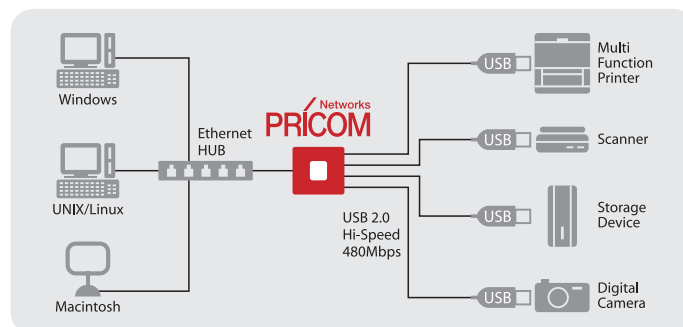

USB 2.0 Hi-Speed	MFP/AIO Server	Print Server	Scanner Server	Storage Server		
USB 4 ports	IP Filtering Enhanced Security	USB Pen Drive Configuration	IPv6 Support	Automatic E-mail Printing	Printer Status Monitoring	Multi-language Support

Print, scan, store, networking simplified

Features and benefits

- 4 USB 2.0 Hi-speed ports device networking** - The SX-5000U2 has 4 physical USB 2.0 Hi-speed ports (Up to 480Mbps) and a 10/100Mbps Ethernet port allowing connected USB 2.0/1.1 device accessibility over a wired or wireless LAN.
- Intelligent, easy USB pen drive configuration** - Create a simple template file with the initial setup parameters on your PC and save it in a standard USB pen drive. Plug the pen drive into the SX-5000U2, the initial configuration is completed automatically.
- Enhanced security - IP filtering access control** - The network access control technology prevents unauthorized access to networked USB devices utilizing specific IP addresses or a range of IP addresses, configured via the embedded web server accessed by using a common web browser.
- IPv6 supported** - Experience the "IPv6" world, the next generation of TCP/IP. IPv6 is the industry solution to expand the number of IP address. The SX-5000U2 is ready to support an IPv6 environment.
- Advanced automatic device discovery & configuration** - The SX-5000U2 supports the network plug and play with the latest Windows. The automatic network printing service discovery and configuration are available for Mac OS X users, eliminating manual configuration of any IP addresses or network setting for the printer.

- Share up to 9 USB devices on the network** - With a USB hub connected, the 5000U2 can network max. 4 USB printers, 1 USB scanner, 4 USB storage devices.
- Enables multifunction printer networking** - The SX-5000U2 is the first **USB 2.0 Hi-speed** multifunction server product providing full networking capability for printing, scanning, memory card sharing. The network scanning functionality works with one scan device at a time.
- USB whiteboard support (Manufacturer dependent)** - The SX-5000U2 can also network some of the latest whiteboard products with USB support so that your meeting notes can be shared among the attendees over the network, making your meetings notes distribution even more efficient and productive. Contact us for the latest compatibility information.

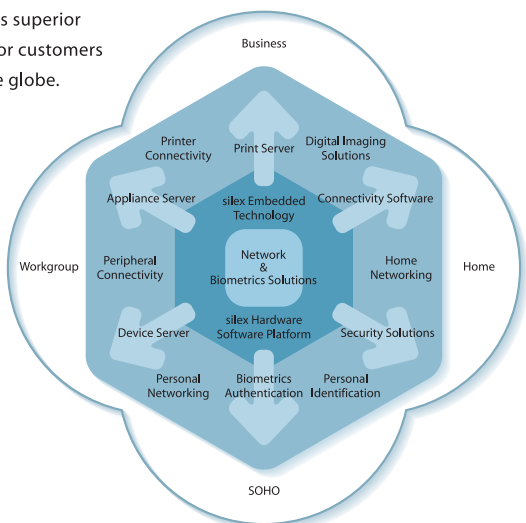

10/100 Mbps USB 2.0 device server

PRICOM Networks SX-5000U2

silex facts

silex technology has over 30 years experience designing, manufacturing and marketing embedded connectivity products to help businesses improve the way they move, print and secure information. Leveraging its OEM foundation, silex provides its quality print connectivity and biometric products under its own brand. silex offers superior support for customers across the globe.

Technical specifications

Supported Operating Systems	Print server	Windows 98/Me, Windows 2000/XP, Windows Server 2003, UNIX/Linux, Mac OS 8.6 or higher*, Mac OS X 10.2 or higher*
	Scanner server	Windows 2000/XP, Windows Server 2003
	Storage server**	Windows 98/Me, Windows 2000/XP, Windows Server 2003
Supported protocols	TCP/IP, NetBEUI/NetBIOS, AppleTalk	
Configuration	Quick Setup, Admin Manager, Web Browser, TELNET, PRICOM USB utility HP JetAdmin / Web JetAdmin***	
Device interface	USB 2.0 Hi-speed A type interface x 4	
Network Interface	10Base-T / 100 Base-TX (Auto-detection) x 1	
Language (Installation utility)	English, German, French, Spanish, Italian, Chinese, Japanese	
Power supply	AC 100-240V, 50-60Hz	
Warranty	2 years	
Regulatory approvals	FCC, CE, VCCI Class B	
Package contents	PRICOM SX-5000U2, Quick Setup Guide, AC adapter, Warranty Booklet, CD-ROM with configuration utilities & PDF manual	
Dimensions (W x D x H)	5.9 x 4.7 x 1.0 in / 150 x 120 x 26 mm	
Weight	10.05 Oz / 285 g	

- * Supports PostScript printers only.
- ** The SX-5000U2 supports FAT12/16/32 formatted storage device only. NTFS format is not supported. Contact us for the latest storage device compatibility.
- *** Restrictions may apply depending on printer model.
